Co-op Status

- Will have completed five of nine academic terms in April 2016.
- Available for first Co-op term in May 2016.

Education

Dalhousie University 2014–present

Bachelor of Computer Science minor in Mathematics || Halifax, Nova Scotia

Skills and Abilities

Technical skills

- Intermediate knowledge of Java and C#.
- Basic knowledge of SQL, C, HTML and CSS.
- Created applications for iOS and Android using Unity 5.
- Proficient in using Microsoft Office programs:
 - Specifically Microsoft Word, Microsoft PowerPoint, and Microsoft Excel including the use of pivot tables.
- Proficient in using Adobe CS5 software:
 - Specifically Photoshop, Premiere Pro, Illustrator, InDesign, and Flash Professional.
- Experience using Windows-, Mac-, and Linux-based computer platforms.

Non-Technical Skills

- Leadership skills gained from Women in Technology Society as vice-president of social events.
- Patience and communication skills gained from my previous job at Glow Parties and leadership roles in Dalhousie's Women in Technology society and my high school's robotics team.
- Self-motivation skills gained from the full creation and release of my own one-person studio games for iOS and Android systems.

Academic Achievements

- Developed a Battleship game with full GUI and enemy AI in Java.
- Created and navigated through multiple databases in MySQL.
- Wrote several user manuals for various audience types.
- Completed courses related to programming, robotics, databases, and algorithms.

Work Experience

Junior Graphic Designer/Junior Secretary March 2014 – June 2014

SpeedproNS Signs & Imaging || Kentville, Nova Scotia

- Organized a large number of paper files spanning five years so the employer could more quickly find records.
- Updated and maintained a contact database with over three hundred emails, addresses, phone numbers and names.
- Created multiple graphics using Adobe Photoshop and Adobe Illustrator for the company's social media pages.

Bouncy Castle Attendant May 2015 - Present

Glow Parties || Halifax, Nova Scotia.

- Successfully communicated to the children on when to enter/exit the ride, including under high stress situations (unexpected deflations, injuries, etc.) to ensure the safety and happiness of all involved.
